

# How to Find Your Legislators

Using the Iowa Legislature website ([www.legis.iowa.gov](http://www.legis.iowa.gov))

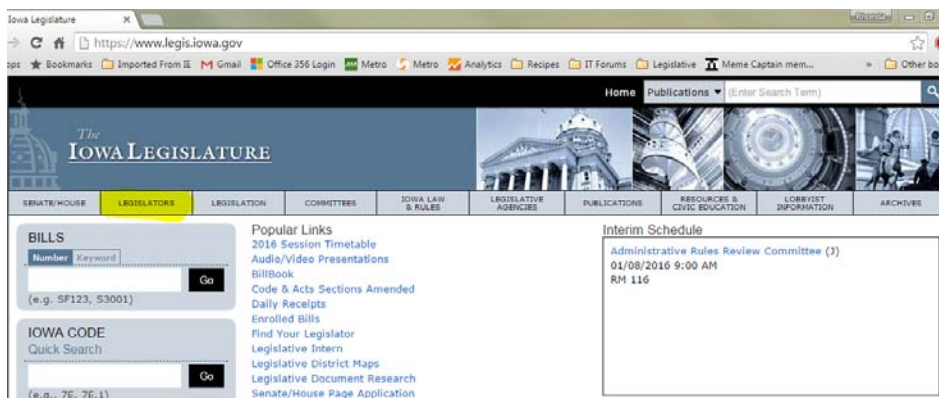

There are several ways to find your legislators. Here's the various ways and why you might prefer one way over the other.

1. Find by Senate, House or All Legislators
2. Find by District Maps
3. Find by Address, City or ZIP

## Find by Senate, House or All Legislators List

When you want a full list of all the legislators for your comprehensive planning area, I find this to be most useful. It also allows you to filter and sort the District No. and County.

1. **From the home page, select Legislators** (see highlighted link below).

2. **View Senators, Representatives or Both**

To view BOTH Senators and Representatives, select Standard Reports.  
 To view just Senators or Representatives, select those options.

*For this example, I'm selecting Standard Reports, so I can view all legislators at once.*

### 3. Select List of All Legislators

Under standard reports, select List of All Legislators.

The screenshot shows the Iowa Legislature website. In the 'Standard Reports' section, the link 'List of All Legislators' is highlighted in yellow. Below this, there are links for 'Statements of Economic Interest', 'Committee Listing by Member: Senate | House', and 'Member Listing by Committee: Senate | House'. A dropdown menu for 'Select Document Type' is set to 'ALL'. Below this is a table with two rows:

Title	Description
Bluebook 1846 - 1980	Details the composition of the Iowa General Assembly.
Bluebook 1981 - 2014	Details the composition of the Iowa General Assembly.

### 4. Sort by District No. or County

This list lets you view all legislators and you can sort by Chamber, Name, District, Party or County.

*Below are two examples where I clicked on District and County to sort those two ways. The Arrow next to the word, denotes how the list is sorted.*
